

Hi Everyone,

Greetings from StockPro!!!

Thanks for showing interest in StockPro's Market Profile Combo Course.

The Course is designed to make you learn the professional way of trading in such a way where you can follow institutional investor's footprints where they are active and their stance on particular instruments.

In this course, we will be combining Market Profile, Volume Profile, and Order Flow Analysis for Accurate ENTRY & EXIT. You will be able to recognize the support and resistances created by Long-term investors. Combining it with the Option chain can give us accurate entry and exit. This course although majorly dealing with Bank-Nifty, Nifty & Index Trading but the same technique can be applied in Stocks as well. You will learn to master and trade in any instrument.

Salient Features of the Course:-

- ✓ The course is designed for beginners, investors to advanced traders.
- ✓ This course is specially focused upon intraday trading and it will be highly useful in refining your trading skills.
- ✓ Exclusive private live trading sessions conducted by StockPro Mentors in this course ensure that you are implementing what you are learning in your classes.
